Thanks Marc!

The report dated July 21, covers activities through July 14.

Could we do a call this week to get an update on the more recent activities?

Your 3 week look ahead discusses maintenance and resuming ICT etc.

We would like to understand the process, progress to date, have a few questions, and planning best time for a site visit.

Would Thursday at 1pm work for a phone call on ICT? EPA is also available at 2 or 3.

Thanks!

Lynda
